“A great photograph is a full expression of what one feels about what is being photographed in the deepest sense, and is, thereby, a true expression of what one feels about life in its entirety.”

-Ansel Adams

Portraits

Zach Elseman Photography specializes in portrait photography. My very first sessions as well as my most common sessions are portraits. Whether you are celebrating an achievement such as being a high school senior, documenting the whole family being together, or celebrating the birth of a child, I can record the emotion of this time in your life.

The cost of your portrait session is broken into two parts: sitting fee and media. The sitting fee that is paid at the time of the photo shoot is a non-refundable fee that covers my costs such as transportation, equipment, time, insurance...

Portrait sitting fee: \$75

The second part of your session is determined by what you want to do with your images. Prints can be ordered from my professional lab by simply right-clicking on any image in your online gallery. If digital media is more of your thing or you want to print the pictures through your own lab, a CD of fully edited images can be bought at any time before or after your session.

High Resolution CD price: \$225
